进行商业贿赂应  
承担什么责任？

1

The diagram consists of three horizontal rows. Each row features a rounded rectangular box on the left and a larger, thin rectangular outline on the right. The first row has a dark gray box with the number '1'. The second row has a yellow box with the number '2'. The third row has a green box with the number '3'. The boxes are positioned such that they appear to be part of a larger structure defined by the outlines.
